

2024 EVENT GUIDE

by EASYFAIRS

futurebuild IS TAKING A STAND FOR CHANGE

Opening times:

Tues 05 March:

10:00 – 18:00

Wed 06 March:

10:00 – 18:00

Thurs 07 March:

10:00 – 16:00

App sponsored by

tepeo

Over the past year, we've been rallying the built environment industry to join us in taking a stand for change, and we're excited to witness the manifestation of these commitments at the event. Futurebuild 2024 is driven by the spirit of innovation and knowledge-sharing, and I'm delighted that you are joining us this year.

Pioneering Innovation

As you navigate through the event, groundbreaking innovation is omnipresent. At the core is the prestigious Innovation Trail, featuring 15 Innovation Partners, providing you with an opportunity to explore cutting-edge solutions and connect with industry leaders shaping the future. The FutureX Innovation zone returns, sponsored by Innovate UK, the Department for Energy Security & Net Zero, and the Carbon Trust. It will spotlight new players, creative start-ups, and SMEs driving net-zero innovations. Make sure you visit the FutureX stage to hear more from these leading innovators.

Most Ambitious Knowledge Programme

The main conference arena, sponsored by Soprema and One Click LCA, and curated by the Edge, a multidisciplinary think tank, invites all stakeholders in the built and natural environment to engage in conference discussions focused on looking forward, bringing about change, and taking action. Emphasising the critical need for 'Action,' make sure you participate in the audience interactions.

This year, we're excited to introduce the National Retrofit Conference, curated by the Retrofit Academy CIC and sponsored by Sustainable Building Services, offering a specialised focus on retrofitting. Explore the latest insights and strategies in retrofitting as part of our commitment to driving positive change in the built environment.

Across the remaining 6 show sections are stages hosting our most ambitious CPD accredited seminar programme, curated and delivered by over 90 industry-leading partners. The lineup features over 500 speakers discussing key seminar themes such as net zero, the scale and pace of retrofit, and sustainable infrastructure.

Thank you

As we embark on this transformative journey, we want to express our sincere gratitude to everyone who has joined us. Thank you for being a part of Futurebuild 2024, where we're taking a stand for change and shaping the future of the built environment.

Martin Hurn,
Event Director, Futurebuild

At Futurebuild, sustainability isn't just a buzzword; it's our core. This year, we're taking strides toward a net-zero future, and we're thrilled to share our 'Walk the Talk' initiatives with you.

Cutting Waste Streams

You will notice immediately upon entering the event that we have removed our aisle carpet and we will continue to eliminate our biggest waste stream by utilising REWIND carpet, a Cradle to Cradle Certified® Silver product, for feature areas and shell scheme stands. That's saving over 27,707kg of carbon emissions.

Zero to Landfill

From wall graphics to hanging banners, all our signage is 100% recyclable. Our feature areas use reusable stand systems, and we've gone digital for event maps and schedules, saving over 30,000 documents from printing.

To achieve a 28-tonne CO₂ reduction from removing single use carpet manufactured from fossil fuel is impressive. To then remove the mounds of paper and printing generated by a big show is a further win.

Bill Dunster OBE,
Founder of ZED-power

Futurebuild is renowned for being the stage for innovation in the built environment and it's fantastic to see them incorporating the circular designed, C2C Certified® event carpet REWIND, in both their feature areas and shell scheme stands. This has saved thousands of carbon kg's (CO₂e) as well as allowed for a fully circular carpet with known non-toxic dyes, all third party assessed and globally recognised as safe, circular and responsibly made.

Chaline Church
Founding Partner of
540 WORLD

Ethical Eating

Meet 'Cupapeel,' the sustainable cup from ExCeL catering, and 'Toast,' the carbon-neutral beer made from surplus food waste. Sip on Rainforest Alliance approved coffee in compostable packaging, and brace yourself for an upgraded menu with more vegan and veggie options.

Public Transport Push

We're giving the nod to the Elizabeth line and offering extra cycle storage for the pedal enthusiasts. Pedal in with an eco-friendly entrance!

Sustainable Stand Awards

Our exhibitors are also getting in on the 'Walk the Talk' action through our Sustainable Stand Awards. See who's making their mark on Futurebuild in a greener way and watch out for the winner announcement.

THANK YOU TO OUR EVENT SPONSORS, PARTNERS

THE NATIONAL RETROFIT CONFERENCE

2024 sees the launch of the National Retrofit Conference, curated by the Retrofit Academy CIC, sponsored by Sustainable Building Services UK and in partnership with NHDG and the National Retrofit Hub.

The three daily themes are:

DAY 1: RETROFIT POLICY, INNOVATION AND SKILLS

**DAY 2: PAS 2035 IN PRACTICE, - SPEEDING IT UP, SCALING IT UP TO ENABLE
HIGH-QUALITY, SAFE RETROFIT DAY**

DAY 3: RETROFIT IN ACTION: PUTTING THE RESIDENT AT THE HEART OF RETROFIT DELIVERY

Curated by

In partnership with

Sponsored by

DAY ONE: 05 MARCH

10:30–11:15 Leadership on Retrofit from Local Authorities, Cities and Regions

David Pierpoint Chief Executive, The Retrofit Academy Chair

Dr Austin Entonu Head of Energy Unit Greater London Authority, The Greater London Authority Speaker

Ayushi Vyas Net Zero Neighbourhoods Delivery Manager, Energy Capital at West Midlands Combined Authority Speaker

Jonathan Edwards Director of Housing, Salix Finance Speaker

Shaun Garvey Programme Director – Net Zero Domestic – Home Upgrade / Local Authority Delivery (HULA) Programme Director, Department for Energy Security and Net Zero Speaker

11:30–12:15 Retrofitting Social Housing: Progress and Key Learnings from the Social Housing Decarbonisation Fund (SHDF) Programme

Derek Horrocks Chairman, National Home Decarbonisation Group Chair

Dr Matt Wood Energy and business case analyst, Energiesprong UK Speaker

Caroline Withey Programme Director for Social Housing Decarbonisation Fund, Department for Energy Security and Net Zero Speaker

John Barnes Director, Savills Speaker

12:30–13:15 The Policy Roadmap for Retrofit

Samantha Shea Head of Policy Insight and Engagement, Gemserv Chair

Simon Ayers MBE Chief Executive, TrustMark Speaker

Lord Callanan Government post Parliamentary Under Secretary of State, Department for Energy Security and Net Zero Speaker

Derek Horrocks Chairman, National Home Decarbonisation Group Speaker

13:30–14:15 NHDG Session 1: Supporting Policy Making for Long-Term Sustained Growth

Michael McGowan Head of Carbon Reduction

Solutions, Mears Group PLC Chair

David Robson CEO, InstaGroup Speaker

Jenny Pierpoint Chief Operating Officer, The Retrofit Academy CIC Speaker

14:30–15:15 NHDG Session 2: Embracing and Supporting Innovation to Scale and Reduce Costs

Andy Merrin Innovation & Decarbonisation Director, United Living Chair

Danielle Belton Managing Director, Saving Energy Ltd Speaker

Ele George Collaboration Manager, Energiesprong Speaker

Ross Holleron Head of Innovation, Sero Speaker

15:30–16:15 NHDG Session 3: Developing our Workforce and Growing the Supply Chain

David Pierpoint Chief Executive, The Retrofit Academy Chair

Joe Kelly Managing Director, Baxter Kelly LTD Speaker

Luke McCarthy Green Economy Lead, Surrey County Council Speaker

Gill Kiy, Department for Energy Security and Net Zero Speaker

16:30–17:15 A 10 Point Plan for Retrofit Success: Skills, Innovation and Policy

James Higgins Partner, Gemserv Chair

Anees Mank Programme and Policy Lead (Retrofit), Greater Manchester Combined Authority Speaker

Emily Braham Director of Strategy & Operations, Energiesprong UK Speaker

Paul Norman Director of Strategic Asset Management, Clarion Housing Group Speaker

Derek Horrocks Chairman, National Home Decarbonisation Group Speaker

Ffiona Hesketh Deputy Director for Capital Schemes Policy, Department for Energy Security and Net Zero Speaker

DAY TWO: 06 MARCH

10:30–11:15 Scaling up High Quality Retrofit Advice to Support Residents and Clients

Sandy Ruthven MBE CEO, Severn Wye Chair

Anna Moore CEO and Co-Founder, Hestia Speaker

Gerald Charles Head of Retrofit, Centre for Sustainable Energy Speaker

Matthew Grenier Business Development Director, HACT Speaker

11:30–12:15 Speeding Up and Improving Retrofit Assessment

Andrew Parkin Technical Development Director, Elmhurst Energy Chair

Jack Hannon Head of Operations, Building Energy Experts Speaker

Jarrod Green Retrofit Technical Solutions Manager, Equans Speaker

Jonathan Abbott Director, Keegans Speaker

12:30–13:15 Optimising Retrofit Coordination to Deliver Quality and Scale

Carl Harvey Director and Senior Retrofit Coordinator, My Home Survey Ltd and Osmosis ACD Chair

Jessica Scott Retrofit Coordinator, Home Group Speaker

Philip Salaman Managing Director, Quidos Speaker

Sarsvati Varsani Senior technical retrofit advisor, Equans Regeneration Ltd Speaker

13:30–14:15 Retrofit Design at Scale

Loreana Padron Head of Sustainability, ECD Architects Chair

Alex Whitcroft Director, KIN Speaker

Julie Godefroy Head of Net Zero Policy, CIBSE Speaker

Marion Baeli Principal Sustainability Transformation, 10 Design Speaker

Nick Wilde Architect / Practice Director, Constructive Thinking Studio Speaker

14:30–15:15 Case Studies: Delivering Retrofit at Scale in Homes and Communities

Matt Hickman Bid Director, VINCI Facilities Chair

Fallon Warren Head of Environment and Sustainability, Longhurst Group Speaker

Gary Lawson Managing Director, Sustainable Building Services (UK) Ltd Speaker

Professor Jo Patterson Professorial Research Fellow, Cardiff University Speaker

15:30–16:15 Evaluating Building Performance and Monitoring Intended Outcomes

Clare Price Sector Lead, Built Environment, BSI Chair

Andrej Miller Policy and delivery lead – ECO and GBIS, Department for Energy Security and Net Zero Speaker

Professor David Glew Director of the Leeds Sustainability Institute, Leeds Beckett University Speaker

Dr Richard Jack Technical Director, Build Test Solutions Speaker

16:30–17:15 Bringing it all Together – Professionals in Partnership, Projects That Deliver

David Pierpoint Chief Executive, The Retrofit Academy Chair

Becky Lane CEO, Furbnow Speaker

Rudy Agnihotri Divisional Manager – Net Zero Carbon, Wates Group Speaker

Sarah Baker Group Manager – Climate Change and Environment, South and East Lincolnshire Councils Partnership Speaker

17:20–18:05 Lessons from retrofit projects

Ian Hutchcroft Director, Energiesprong UK Chair

Chantel Thompson Operations Manager, Osborne Property Service Limited Speaker

Rafael Delimata Director, Bow Tie Construction Ltd Speaker

Rafe Bertram Built Environment Sustainability Lead, Enfield Council Speaker

Karen Klomp Associate Director – Sustainability, Turner & Townsend Speaker

DAY THREE: 07 MARCH

10:30–11:15 Does deep retrofit = deep impact: Insights from Trailblazing Retrofit Residents and Collaborators

Dan Hyde Co-founder / Strategist, Everything is User Experience **Chair**

Kim Williams Customer Liaison Officer, Osborne Property Services **Speaker**

Dr Zack Gill Net Zero Technical Analyst, Energiesprong UK **Speaker**

11:30–12:15 National Retrofit Hub, an Introduction – Warm, Healthy and Net Zero Homes, Data-led decision making that keeps citizens at the heart

Rachael Owens Co-Director, National Retrofit Hub **Chair**

Alison Skillen Associate Director, Turner & Townsend Consulting **Speaker**

Caitriona Jordan Head of Retrofit, BE-ST **Speaker**

Ross Holleron Head of Innovation, Sero **Speaker**

Ahsan Khan Trustmark Research & Innovation **Speaker**

Dr Marina Topouzi – Research Research Fellow in the Energy Programme, Environmental Change Institute, University of Oxford **Speaker**

12:30–13:15 Thriving Communities and a Just-Transition: Retrofit & Doughnut Economics

Charlie Edmonds Neighborhood Transitions Co-Lead, CIVIC SQUARE **Chair**

Leonora Grcheva Cities and Regions Lead, Doughnut Economics Action Lab **Chair**

John Christophers Director / Member, zero carbon house / Retrofit Balsall Heath **Speaker**

Tanuja Pandit Project Lead, Power Up North London **Speaker**

Lauren Shevills Lead Retrofit Innovation and Delivery Officer, Westminster City Council **Speaker**

Russell Smith Founder & Managing Director, Parity Projects **Speaker**

13:30–14:15 One-stop shop delivery approaches: Local resilient networks

Alastair Mumford Programme Director, MCS Foundation **Chair**

Cara Jenkinson Cities Manager, Ashden **Speaker**

Jonathan Atkinson Business Director, People Powered Retrofit **Speaker**

Matthew Tulley Director, Cambridge Retrofit Hub **Speaker**

Dr Tina Holt Project Manager – Retrofit for Cumbria, Cumbria Action for Sustainability **Speaker**

14:30–15:15 Engaging on Retrofit: Getting communication right

Sara Edmonds Co-director, National Retrofit Hub **Chair**

Cara Holmes Senior Policy Researcher, Citizens Advice **Speaker**

Cassidy Travis Head of Climate Change & Sustainability, Lambeth Council **Speaker**

Ellen Rodger Energy Programme Manager, Devon County Council **Speaker**

Joe Jack Williams Partner, FeildenCleggBradley Studios **Speaker**

Steve Mackenzie Northern Housing Consortium **Speaker**

WE'RE TAKING A STAND

FOR CHANGE

futurebuild CONFERENCE

The Conference Programme is sponsored by Soprema and One Click LCA and curated by the Edge, a multi-disciplinary built and natural environment think tank. The Conference will focus on Taking a Stand for Change, and the need to collaborate for a just transition.

The programme will cover a new theme each day:

DAY 1: PATHWAYS TO CHANGE

DAY 2: LEVERS FOR CHANGE

DAY 3: SHARING VISIONS FOR CHANGE

Conference
sponsored by

Curated by

DAY ONE: 05 MARCH

10:30–10:45 Soprema – Exploring our pathways to change

Laurent Verheyden Managing Director, Soprema
Speaker

10:45–11:45 Net zero housing: the quality-affordability conundrum

Catherine Adams Director of Building Systems and Net Zero, Department of Levelling Up, Housing and Communities (DLUHC) Chair

Andrew Day Sustainability Director, Hill Group
Speaker

Cara Pacitti Senior Economist, The Resolution Foundation
Speaker

Ed Lockhart Chief Executive, Future Homes Hub
Speaker

Katie Clemence-Jackson Chair, UK Net Zero Carbon Buildings Standard
Speaker

Dr Rosalie Callway Healthy Homes Campaign Leader, TCPA
Speaker

12:00–12:45 Call for action: the Mission Zero Coalition– an update

Chris Skidmore OBE

Simon McWhirter Deputy Chief Executive, UK Green Building Council and Board Member, National Retrofit Hub

13:00–14:00 Retrofitting our existing homes at scale

Lynne Sullivan Chair, National Retrofit Hub Chair

Brian Berry Chief Executive, Federation of Master Builders
Speaker

Chris Jofeh Chair – Independent Implementation Group on the Decarbonisation of Existing Homes, Welsh Government
Speaker

David Adams Net Zero Strategic Consultant, UKGreen Building Council
Speaker

Sara Edmonds Co-director, National Retrofit Hub
Speaker

14:15–14:45 How to design built assets that are future-fit: healthy, regenerative and socially equitable

Chaline Church Founding Partner, 540 WORLD Chair

Elwyn Grainger-Jones Executive Director, Cradle to Cradle Products Innovation Institute
Speaker

Dr Jo Guy Environment and Sustainability Manager, Environment Agency, TEAM2100
Speaker

15:00–16:00 Post-Grenfell update: can better product testing improve building safety?

Caroline Gumble Chief Executive, CIOB Chair

David Glennon Group Head of Digital Engineering, Mace
Speaker

Paul Morrell OBE Inquiry co-chair, Speaker

Peter Caplehorn Chief Executive, Construction Products Association (CPA)
Speaker

Richard Harral Interim Chief Executive, CABE
Speaker

16:15–17:00 Systemic barriers to tackling climate change

Danisha Kazi Head of Economics, Positive Money
Speaker

Simon Sharpe Director of Economics, UN Climate Champions
Speaker

Smith Mordak Chief Executive, UK Green Building Council
Speaker

17:00–17:30 UKGBC Launches Embodied Carbon Scope 3 Report

Alex Benstead Senior Advisor – Advancing Net Zero, UKGBC Chair

Louisa Bowles Partner and Head of Sustainability, Hawkins\Brown
Speaker

Peter Conboy Project Director, igloo
Speaker

Smith Mordak Chief Executive, UK Green Building Council
Speaker

DAY TWO: 06 MARCH

10:30–10:45 One Click LCA – The embodied carbon route to 600kg/sqm and below

Chris Saunders Senior Business Development Manager, One Click LCA *Speaker*

Richard Pickett Head of Carbon, Kier Design and Business Services *Speaker*

10:45–11:45 Delivering net zero buildings in reality

Jamie Quinn Sustainability Director, Related Argent Chair

Alasdair Donn Head of Building Performance, Willmott Dixon Holdings *Speaker*

Alexi Marmot Founding Director, Alexi Marmot Associates – AMA and Founding Director, Global Centre for Learning Environments, Bartlett Faculty of the Built Environment, UCL *Speaker*

Peter Fisher Director, Bennetts Associates *Speaker*

Richard Tetlow Associate Sustainability Consultant, Buro Happold *Speaker*

Stephen Hill Associate Director – Sustainability Consultant, Arup *Speaker*

12:00–12:45 Call for action – Delivering Nature 2030

Richard Benwell Chief Executive, Wildlife and Countryside Link *Chair*

Carla Denyer Green Party Prospective Parliamentary Candidate, Bristol Central *Speaker*

John Cope Conservative Prospective Party Parliamentary Candidate for Esher and Walton *Speaker*

Pippa Heylings Liberal Democrat Prospective Parliamentary Candidate for South Cambridgeshire *Speaker*

Polly Billington Labour Prospective Candidate Parliamentary Candidate for South Thanet *Speaker*

13:00–14:00 Planning: mending the system

Helen Fadipe MRTPI Managing Director, FPP Associates, Founder and *Chair* BAME Planners Network and Vice President, RTPI *Chair*

Emma Clarke Policy and Advocacy Lead, Wildlife and Countryside Link *Speaker*

Hugh Ellis Policy Director, TCPA *Speaker*

Jane Cox Council Strategy and Equality, Diversity and

Inclusion Manager, Cornwall Council *Speaker*

Professor Paul Ekins Professor of Resources and Environment Policy, Institute for Sustainable Resources, University College London (UCL) *Speaker*

14:15–14:45 Ramping up Retrofit

Duncan Baker–Brown Author, The Re–Use Atlas *Chair*

Harry Paticas Founder and Managing Director, Retrofit Action for Tomorrow *Speaker*

Rachael Owens Co–Director, National Retrofit Hub *Speaker*

15:00–16:00 Water – one of our most critical infrastructure challenges

Catherine Wenger UK, India, Middle East and Africa Water Business Lead, Arup *Chair*

Andrea Gysin Service Line Director, Water Strategic Advisory, WSP *Speaker*

Erica Popplewell Campaigns Manager, River Action UK *Speaker*

Nikki van Dijk Technical Director Climate Resilience, Mott MacDonald *Speaker*

Tim Smedley Environmental journalist and author, The Last Drop *Speaker*

16:15–17:00 Let's talk about understanding the value of architecture and how to procure it

Professor Flora Samuel Head of Department of Architecture, University of Cambridge

Muyiwa Oki President, Royal Institute of British Architects

17:15–18:00 The Big Innovation Pitch

Dr Olli Jones Head of Sustainability and Innovation, Cundall *Chair*

Arjun Jairaj Investor, A/O Judges

Iain Duncan Business Development Director, tepeo Judges

Confirmed speaker from Adaptavate Pitchers

Confirmed speaker from Algreen Pitchers

Confirmed speaker from Gentian Pitchers

Confirmed speaker from NexGen Pitchers

Confirmed speaker from Hempwood Pitchers

Confirmed speaker from K–Briq Pitchers

DAY THREE: 07 MARCH

10:30–11:30 The role of education in climate awareness

Django Perks Teach the Future Chair

Aled Williams Chair, CIC Education & Future Skills Committee and Executive Director, Innovation & Partnerships UCEM Speaker

Gerry Ruffles Head of Education, Ministry of Building Innovation and Education (MOBIE) Speaker

Mina Hasman Sustainability Director, SOM / Founder, Climate Framework, Climate Framework Speaker

Niamh Crisp-O'Brien Teach the Future Speaker

Simon Foxell the Edge Speaker

12:00–13:00 DEBATE: For better or for worse: the role of AI as an industry disruptor

Dr Olli Jones Head of Sustainability and Innovation, Cundall Chair

Aaliyah Pollock Data and Tech Analyst, RICS Speaker

Brian Hills CEO, The Data Lab Speaker

Martha Tsigkari Senior Partner, Head of Applied Research and Development, Foster + Partners Speaker

Mike Moseley Knowledge Transfer Manager – Construction, BridgeAI Speaker

13:30–14:15 Call for action: The Future is local for a just transition

Julia King The Baroness Brown of Cambridge and Chair, Cambridgeshire and Peterborough

Independent Commission on Climate Change Chair

Anzir Boodoo City Plan Lead, Climate Action Leeds Speaker

CLlr Louise Upton Cabinet Member for Planning, Oxford City Council Speaker

Dr Nik Johnson Mayor of Cambridgeshire and Peterborough Combined Authority Speaker

Ian Harvey Joint-Founder, Civic Voice and Interim CEO at the Institute of Place Management Speaker

14:45–15:45 “PECHA KUCHA”: Getting net zero right

Marcus Shephard NESTA Chair

Chris Moss Senior Consultant, Greengage Environmental Speaker

Dr Ada Lee Infrastructure and Climate Change Specialist, Royal Town Planning Institute Speaker

Ellen Griffin Senior Engineer, Volker Stevin, ICE Northwest Rising Star winner 2023 Speaker

Gavin Ford Project Handover Manager, Costain Group PLC and winner of the inaugural ICE Tom Barton Award, Get it Right Initiative Speaker

Gina Windley architect/sustainability designer, Levitt Bernstein, RIBA Rising Stars shortlist 2023 Speaker

Michelle Wang Sustainability Manager, Deloitte Global Real Estate Speaker

Sam Burdett Carbon Manager, Skanska and Co-founder of ZERO Next and Education co-lead, ZERO Speaker

BUILDINGS

The Buildings seminar is curated by leading partners including CIAT, the Sustainable Energy Association, Action Sustainability, The UK Net Zero Carbon Buildings Standard, UKGBC, KNX UK, ACAN, Bioregional, Good Homes Alliance, CABE, Passivhaus Trust, MPBA, CIOB, Climate Framework, Active House, UK and FIS. Buildings is proudly sponsored by STEICO.

Seminar sponsored by 
STEICO
engineered by nature

DAY ONE: 05 MARCH

10:30–11:15 Unravelling the Golden Thread – curated by **CIAT**

Dan Rossiter FCIAT Vice-President Technical, CIAT Chair

Spacy Bondarenko MCIAT Head of Building Information, MTVH Speaker

Gareth Sewell FCIAT Head of BIM, Purcell Speaker

11:30–12:15 A Fabric First Approach to Improving Energy Performance in Homes – curated by **Sustainable Energy Association (SEA)**

David Sowden Interim Chief Executive, Sustainable Energy Association Chair

Steven Heath Technical Director, Knauf Insulation Speaker

Simon Blackham Senior Technical Manager UK & Ireland, Recticel Insulation Speaker

Laurent Verheyden Managing Director, Soprema Speaker

Steve Gapik Managing Director, Soltherm Speaker

Alex Baines Head of Building Better, Saint-Gobain Interior Solutions Speaker

12:30–13:00 Incorporating low embodied carbon products as an integral component of the specification process – curated by **STEICO**

Craig Colligan Sales Director, STEICO UK Ltd Chair

Christian Dimbleby Archetype Speaker

Tabitha Binding Head of Education and Engagement, Timber Development UK (TDUK) Speaker

13:15–14:00 Catalysing Change through Supplier Diversity: Exploring Social Value Beyond the Mainstream – curated by **Action Sustainability**

Vaishali Baid Senior Consultant and Social Value Lead, Action Sustainability Chair

Gemma Lindley Supplier Engagement Director, CBRE GWS Ltd Speaker

Tony Saleh Supply chain Sustainability Lead Indirect Procurement Western Europe & Africa, Siemens Speaker

14:15–15:00 The UK Net Zero Carbon Buildings Standard: An Update – curated by **The UK Net Zero Carbon Buildings Standard**

Katie Clemence-Jackson Chair, UK Net Zero Carbon Buildings Standard Chair

Rosie Bard Technical Project Manager, UK Net Zero Carbon Buildings Standard Speaker

Jess Hrivnak RIBA's Technical Adviser on Sustainability, RIBA Speaker

Will Arnold Head of Climate Action, The Institution of Structural Engineers Speaker

15:15–16:00 Are we climate ready, a roadmap to climate resilience – curated by **UKGBC**

Hannah Giddings Head of Resilience and Nature, UKGBC Chair

Fergus Anderson Associate Director, Buro Happold Speaker

Rebecca Lydon Associate Director, Hydrock Speaker

Martin Fahey Head of Sustainability, Mitsubishi Electric Speaker

Ola Bialas Hoare Lea Speaker

16:15–17:00 Intelligent Lighting now and in years to come – curated by **KNX UK**

Tracy Palazzo-Barnes Business Manager, KNX UK Chair

Trevor Baldwin Specification Manager, B.E.G. Luxomat Speaker

Paul Foulkes Vice Chair, KNX UK Speaker

17:15–18:00 Prioritising Retrofit

Suzy Nelson Co-ordinator, ACAN Chair

Chris Procter Architect/Director, Procter-Rihl Architects Speaker

Simon Sturgis Founder, Targeting Zero Speaker

DAY TWO: 06 MARCH

10:30–11:15 Developers leading the way – curated by **Bioregional**

Sue Riddlestone OBE Chief Executive and Co-founder, Bioregional Chair

Doug Higgins Development Director, Socius Speaker

Lloyd Preston–Allen Project Manager and Sustainability Strategy Lead – Regeneration and Place, LandsecU+I Speaker

Kathryn Dapr  Head of Sustainability, Cala Homes Speaker

11:30–12:15 Energy efficiency standards: Are we going far enough? – curated by **Good Homes Alliance**

Lynne Sullivan Chair, National Retrofit Hub Chair

Hugh Ellis Policy Director, TCPA Speaker

Lewis Knight Head of Sustainable Places, Bioregional Speaker

Thomas Lefevre Etude Speaker

12:30–13:00 Masterclass: Duncan Baker Brown: So, what's the big deal with the circular economy?

Duncan Baker–Brown Author, The Re–Use Atlas Speaker

13:15–14:00 Sustainability and resilience: balancing impacts and outcomes – curated by **CABE**

Richard Harral Interim Chief Executive, CABE Chair

Tom Roche Principal Consultant within the International Codes Group, FM Global Speaker

Patrick Hayes Technical Director, Institution of Structural Engineers Speaker

14:15–15:00 Passivhaus, net zero, & the future homes standard – curated by **Passivhaus Trust**

Jon Bootland CEO, Passivhaus Trust Chair

Rachel Mitchell Director, Greenbox Associates Speaker

Marion Gray Senior Architect and Passive House Designer, ECD Architects Speaker

Tom Gwilliam, Etude Speaker

15:15–16:00 Standardisation in Modular Construction: Why MMC is an important option for the future – curated by **MPBA**

Andy King Group Technical Director, Wernick Group – MPBA Chair

Stuart Norris Product Technical Manager, Portakabin Speaker

16:15–17:00 What does the Building Safety Act mean for Clients? – curated by **CIOB**

Will Mann Editor, Construction Management Magazine Chair

Andrew Frankum Director of Health & Safety and Compliance, Concept Housing Association Speaker

Andrew Walker Director Capital Projects Services, PwC Speaker

Eddie Tuttle Director for Policy, External Affairs & Research, CIOB Speaker

Laura Bryant Director of Operational Risk Management & Health and Safety, Greystar Speaker

DAY THREE: 07 MARCH

10:30–11:15 Passivhaus first-in-class across the UK – curated by **Passivhaus Trust**

Sally Godber DIRECTOR MENG CENG MIMECHE PH CERTIFIER & COACTION TRAINER, WARM low energy building *Chair*

Tomasz Jemioł Associate Architect & Passivhaus Designer, Stride Treglown *Speaker*

Steven Rankin Associate Director & Passivhaus Designer, Architype *Speaker*

Ian Hanton, Central Bedfordshire *Speaker*

11:30–12:15 Modular Construction, The Only Sustainable Circular Economy Solution – curated by **MPBA**

Alexis Massey Group Sustainability Manager, Wernick Group *Chair*

Martin Keogh Development Manager, Ecophon – MPBA *Speaker*

Tabatha Hurst Head of Sustainability, Portakabin *Speaker*

12:30–13:00 Upskilling for a Transforming Construction Sector with the “RIBA Climate Guide” – curated by **Climate Framework**

Mina Hasman Sustainability Director, SOM / Founder, Climate Framework, Climate Framework *Chair*

Alex Tait Director of Practice and Individual Knowledge, RIBA *Speaker*

13:15–13:45 Masterclass: David Cheshire – Regenerative Design

Dave Cheshire Sustainability Director, AECOM *Speaker*

14:00–14:45 The Active House standard: how to design & build to ensure healthy people and a healthy planet – curated by **Active House UK**

Neil Freshwater Company Secretary & Director, Active House UK; Public Affairs Manager GB & Ireland, VELUX, Active House UK *Chair*

Ben Powell Director, Studio Manifest, Lecturer in Architecture, University of Suffolk, Studio Manifest and University of Suffolk *Speaker*

David Birkbeck MD, Design for Homes; Board Director, Active House UK, Design for Homes *Speaker*

15:00–15:45 Acoustics: added cost or added value? – curated by **FIS**

Joe Cilia Technical Director, FIS *Chair*

Ben Southgate Principal Engineer, Sandy Brown *Speaker*

Andrew Parkin Partner, Global Head of Acoustics, Cundall *Speaker*

Martin Keogh Business Development Director, Ecophon Saint-Gobain *Speaker*

DIGITAL

Get ready for digital transformation! The Digital Seminar presents three days of cutting-edge insights covering key themes: innovative technological advancements, sustainable processes and targets, and the construction of tomorrow. Join expert sessions, masterclasses, and interactive tech demonstrations.

Seminar sponsored by 

DAY ONE: 05 MARCH

10:30–11:15 Redefining Real Estate: The Transformative Power of AI

James Pellatt Strategic Advisor, Iaiout *Speaker*

11:30–12:15 Twinning Cities: from boiler rooms to the London Underground, see digital twins in action

Linda Wade CEO & Founder, Spinview *Speaker*

12:30–13:00 Route to value – accelerating digital impact

David Philp Chief Value Officer, Cohesive *Speaker*

13:15–13:25 3D printing as a solution to the housing problem | the future of sustainable building

Francesca Moretti CEO, WASP *Speaker*

13:30–13:40 AGA Site Safety Hub – How tech is revolutionising health and safety in the construction industry

Anna Plater Director, Andrew Goddard Associates *Speaker*

13:45–13:55 Leveraging the Cloud without Risking Your Reputation

Aaron Vorwerk AEC Practice Leader, Architecture + Owners at Egnite *Speaker*

14:15–15:00 Digital Transformation: an exploration of the possible!

Marie Grieve Managing Director, Costello Palmer Communications *Chair*

Emilia Cardomone Associate Director, Turner & Townsend *Speaker*

Martha Tsigkari Senior Partner, Head of Applied Research and Development, Foster + Partners *Speaker*

Narges Salih Azure Solution Specialists, Microsoft *Speaker*

15:15–16:00 Navigating the built environment's

route to net zero

Christine Guinebretière President & Co-Founder, Upcyclea *Chair*

Jon Stinson Associate Sustainability Consultant, Ryder Architecture *Speaker*

Jessica Elliott Head of Sustainable Design, Multiplex *Speaker*

Helena Rivers Net Zero Lead, Aecom *Speaker*

Marie-Louise Schembri Sustainability Director, Hilson Moran *Speaker*

16:15–17:00 Unlocking Efficiency: Digital Tools for Concrete Specification, Contracting and BIM

Mike Higgins National Technical Manager, CEMEX *Speaker*

17:00–18:00 CEMEX Networking Drinks Reception

Paul Bradshaw Commercial and Strategic Lead, CEMEX *Speaker*

DAY TWO: 06 MARCH

10:30–11:15 Trailblazers in the regeneration of housing

Sarah Payling Portfolio Director (housing events and Unlock Net Zero), Ocean Media Group *Chair*

Jack Ostrofsky Retrofit London Programmes Director, London Councils *Speaker*

Ankita Dwivedi Chief Executive Officer & Co-Founder, Firstplanit *Speaker*

Lucy Lyons Chief Executive, Kestrix *Speaker*

Sammy Pahal Managing Director, UK PropTech Association *Speaker*

11:30–12:15 Utilising Digital Twins and GenAI for the reduction of energy and carbon emissions in buildings

Nick Tune CEO & Founder, Optimise-AI *Speaker*

12:30–13:00 Revolutionising construction for the benefit of the environment

Sam Stacey CEO, Stacx *Speaker*

13:30–13:40 How Gentian helps businesses to map and monitor biodiversity through their innovative AI-based product

Thomas Fenal Chief Technology Officer, Gentian
Speaker

13:45–13:55 Building Performance Modelling
driving Net Zero

Niall Gibson Head of Sales, IES VE Speaker

14:15–15:00 The Building Safety Act: what's new
and what you need to do

Melanie Robinson Associate, BIM Academy Chair

Shervin Yousefzadeh Head of Construction, GSI UK
Speaker

Jason Whittall ONE Creative environments Ltd (ONE)
Speaker

Mark Snelling Managing Director, Safetymark
Consultancy Services Speaker

15:15–16:00 How do we predict the future of
construction? The answers lie within the data!

Paul Wilkinson Vice Chair, nima Chair

Emma Hooper R&D Lead, BuildData Group Research
Institute Speaker

Paul Shillcock Managing Director, Operam Speaker

John Adams Head of Product, Glider Speaker

16:15–17:00 Digital methods we need to use in
getting the design and build process right for a
changing climate

Vicki Reynolds Chief Technology Officer, Catalyst
Chair

Giulia Pustorino Associate and BIM Manager, Weston
Williamson + Partners Speaker

Francesca Lofiego Digital Construction Manager, ISG
Speaker

Alix Tissier Technical Enablement Specialist, GRAITEC
Speaker

17:00–18:00 Women in BIM and GRAITEC
Networking Drinks Reception

Marie Grieve Managing Director, Costello Palmer
Communications Speaker

DAY THREE: 07 MARCH

10:30–11:15 Digital constructors, remaining
relevant in an increasingly digital industry

Andrew Krebs Chair, Society of Digital Engineering,
CIBSE Speaker

11:30–12:15 Redefining the boundaries of
ambition through the Mace Innovation Strategy

David Glennon Group Head of Digital Engineering,
Mace Speaker

12:30–13:00 Data and digital innovation with a
purpose

Mark Enzer Strategic Advisor, Mott MacDonald
Speaker

13:10–13:20 Biodiversity Net Gain

Oliver Lewis CBE Founder, Joe's Blooms Speaker

13:25–13:35 Early-stage design optimisation
with One Click LCA Carbon Designer 3D

Johanna Jarvinen Special Projects Lead, One Click
LCA Speaker

13:40–13:50 Let's Talk Tech with PlanRadar

Joey Wilkinson Enterprise Account Executive,
PlanRadar Speaker

14:00–14:45 Digital Futures: Innovation in
Engineering

Professor Lisa Brodie Executive Dean, TEDI-London
Chair

Theodore Harding Head of Commercial Operations,
Cityscape Digital Speaker

Dr Rhythmia Shinde Teaching Fellow, TEDI-London
Speaker

Fabrice Bourrelly Senior Consultant, Cityscape
Digital Speaker

15:00–15:45 Do we need to look to the future to
solve construction's challenges? Or should we
concentrate on the technology we have today?
Session curated by **Glenigan**

Henry Fenby-Taylor Founder, Atheniphilia Chair

Allan Wilen Economics Director, Glenigan Speaker

Rob Jackson Head of Information Management
Services, RLB Digital Speaker

Maria Mamoura Director, Bryden Wood Speaker

Pete Mills Director, Crysp Speaker

ENERGY

The Energy seminar is curated by leading partners including UKDEA, CABE, Ground Source Heat Pump Association, Good Homes Alliance, The Carbon Trust, MCS, Sustainable Energy Association, IWBI, KNX UK, RICS, LETI, Thermal Storage UK, Energy Saving Trust, BILD and CIBSE. The Energy seminar is proudly sponsored by Kensa Group.

Seminar sponsored by

DAY ONE: 05 MARCH

10:30–11:15 Policy and Regulations to 2030 and beyond: Impacts on the Sector – curated by **UKDEA**

Simon Woodward Chairman & Technical Director, The UK District Energy Association **Chair**

Richard Bellingham Head of Heat Networks Implementation, Ofgem **Speaker**

John Allison Deputy Director – Heat Networks Delivery, Department for Energy Security & Net Zero **Speaker**

Arran Mornin Head of Heat Network Policy, Department for Energy Security & Net Zero **Speaker**

11:30–12:15 Implementation of the Future Homes Standards – Challenges and Opportunities – curated by **CABE**

Stuart Fairlie Managing Director, Elmhurst Energy Systems **Chair**

Jack Brayshaw Head of Technical Innovation, Vistry Group **Speaker**

David Adams Strategic Advisor, Future Homes Hub **Speaker**

12:30–13:00 How to design a ground source heat pump system for any building – curated by **Ground Source Heat Pump Association**

Ken Gordon CEO, Ground Source Heat Pump Association (GSHPA) **Speaker**

13:15–14:00 Closing the energy performance gap to deliver true net zero buildings – Curated by Good Homes Alliance

Elfed Lewis **Chair**

Christian Dimbleby, Architype **Speaker**

Julie Godefroy Head of Net Zero Policy, CIBSE **Speaker**

Luke Smith Managing Director, Build Test Solutions **Speaker**

14:15–15:00 Innovations to make heat pumps the default choice for consumers: learnings from Heat Pump Ready – curated by **the Carbon Trust**

Dr Nicola Lazenby Energy Innovation Programme Manager, Department for Energy Security and Net Zero **Chair**

Chris Williams-Hall Project Manager, Homely Energy **Speaker**

Tim Bailey Clean Heat Streets Project Manager, Samsung Electronics (UK) Limited **Speaker**

Hermione Crease Chief Executive Office, Purrmatrix **Speaker**

15:15–16:00 Transforming Certification in the Small Scale Renewables Sector – curated by **MCS**

Ian Rippin CEO, MCS **Speaker**

16:15–17:00 Decarbonising Heat in Buildings – How do we Adopt a Technology Agnostic Approach? – curated by **Sustainable Energy Association (SEA)**

David Sowden Interim Chief Executive, Sustainable Energy Association **Chair**

Ben Copson Policy Advisor, Sustainable Energy Association **Speaker**

Tom Lowe Founding Director, Thermal Storage UK **Speaker**

Dr Matthew Aylott Electrification of Heat Lead, Clean Heat, Department for Energy Security and Net Zero **Speaker**

Jane Dawson Head of Public Relations and Public Affairs, ECA **Speaker**

Jonny Williams Strategy and Partnerships Lead, Naked Energy **Speaker**

17:15–18:00 Exploring the concept of community energy in England: Two short films and expert conversation – curated by **Henrietta Lynch**

Henrietta Lynch Consultant, **Chair**

Agamemnon Otero Director and CEO, Energy Garden **Speaker**

Chris Rowland Director and CEO, Ovesco **Speaker**

Ollie Pendered CEO, Community Energy South **Speaker**

DAY TWO: 06 MARCH

10:30–11:15 Fortifying Buildings for Sustainability + Health – curated by **IWBI**

Ann Marie Aguilar Senior Vice President, EMEA Region, International WELL Building Institute Chair

Guy Battle Chief Executive, Social Value Portal Speaker

Mel Allwood Sustainability Director, Arup Speaker

Mike Hook Owner/Director, LMG Speaker

11:30–12:15 Innovations in the District Energy Sector for 2024: Part 1 – curated by **UKDEA**

Simon Woodward Chairman & Technical Director, The UK District Energy Association Chair

Chris Willis Business Development Manager, Aquatherm UK Ltd Speaker

Stephen Hart Sales Director – Integrated Thermal Solutions, BAXI Heating Speaker

Karl Farrow CEO, CeraPhi Energy Speaker

Warren Knowles Managing Director, Protechnical Services Limited Speaker

12:30–13:00 Lowest cost clean heat for new homes – curated by **Kensa**

Wouter Thijssen Managing Director, Kensa Utilities Chair

David Broom Managing Director, Kensa Contracting Speaker

13:15–14:00 Are Energy Efficient Systems Sustainable? – curated by **KNX UK**

Tracy Palazzo-Barnes Business Manager, KNX UK Chair

Paul Foulkes Vice Chair, KNX UK Speaker

Iain Gordon Managing Director, GES Digital Speaker

14:15–15:00 RICS Whole Life Carbon for the Built Environment: 2nd Edition Explained – curated by **RICS**

Fabrizio Varriale Place and Space Analyst, RICS Chair

Simon Sturgis Founder, Targeting Zero Speaker

Jane Anderson Director, ConstructionLCA Speaker

Clara Bagenal George Associate – Sustainability, Introba Speaker

15:15–16:00 A net zero carbon future – curated by **LETI**

Joe Jack Williams Partner, FeildenCleggBradley Studios Chair

Clare Murray Head of Sustainability, Levitt Bernstein / LETI Speaker

Alex Johnstone Architect and Passivhaus Designer, Architype / LETI Speaker

Michela Ravaglia Sustainability Business Partner, Wates / LETI Speaker

16:15–17:00 Overcoming the upfront cost barrier to housing retrofit – curated by **the Carbon Trust**

Dan Dowling Partner, PwC Chair

Jonathan Atkinson Business Director, Carbon Co-op Speaker

Mark Hannay Chief Operational Officer, Scroll Finance Speaker

Michelle Robinson Head of Business Development, Snugg Speaker

Simon Turek Managing Director, PNZ Carbon Limited, PNZ Group Speaker

17:15–18:00 Kensa Heat Pumps and Community Energy: Two Short Films and a Project Review – curated by **Henrietta Lynch**

Henrietta Lynch Consultant, Chair

Lisa Treseder Director of Business Development, Kensa Heat Pumps Speaker

Brian Piper Founder of the Stithians Energy Group, Speaker

Agamemnon Otero Director and CEO, Energy Garden Speaker

Wouter Thijssen Managing Director, Kensa Utilities Speaker

DAY THREE: 07 MARCH

10:30–11:15 Helping the electricity system to secure flexibility from electric heating systems – curated by **Thermal Storage UK**

Tom Lowe Founding Director, Thermal Storage UK Chair

Dr Jenny Crawley Senior Research Fellow, UCL Energy Institute Speaker

Lukas Bergmann Head of Product Development and Regulatory Affairs, Sunamp Speaker

Daniel Lopez-Garcia Research Manager, Centre for Net Zero Speaker

Harriet Higgins Senior Policy and Regulation Manager, tepeo Speaker

Jo Alsop Founder, The Heating Hub Speaker

11:30–12:15 Accelerating heat pump deployment – curated by **the Energy Saving Trust**

Stew Horne Head of Policy, Energy Saving Trust Chair

Alasdair Hiscock Design Lead, Nesta Speaker

Charlotte Lee Chief Executive, Heat Pump Association Speaker

Katrina Young Practice Manager, Energy Systems Catapult Speaker

Richard Hauxwell-Baldwin Research & Campaigns Manager, MCS Foundation Speaker

12:30–13:00 What's an open protocol, why should I care? – curated by **KNX UK**

Tracy Palazzo-Barnes Business Manager, KNX UK Chair

Paul Foulkes Vice Chair, KNX UK Speaker

Iain Gordon Managing Director, GES Digital Speaker

13:15–13:45 Designing Interiors For An Ageing Population – curated by **BIID**

Gilly Craft Founder, Koubou Interiors Chair

Christopher Taylor Design Director, Marchini Curran Interiors Speaker

Jen Bernard Founder, Bernard Interiors Speaker

Chris Dezille Honky Speaker

14:00–14:45 Climate Adaptation: energy efficiency without overheating – curated by **CIBSE**

Zoe De Grussa Research Manager, CIBSE Chair

Hailun Xie Environmental Data Scientist, CIBSE & University of Exeter Speaker

Susie Diamond Partner, Inkling LLP Speaker

Professor Anna Mavrogianni Professor of Sustainable, Healthy and Equitable Built Environment, UCL Bartlett School Environment, Energy & Resources Speaker

Professor Rajat Gupta Professor of Sustainable Architecture and Climate Change, Oxford Brookes University Speaker

15:00–15:45 Innovations in the District Energy Sector for 2024: Part 2 – curated by **UKDEA**

Simon Woodward Chairman & Technical Director, The UK District Energy Association Chair

Lars Christensen Sales Director, Kingspan LOGSTOR Speaker

Mark Whettall Managing Director, CPV Ltd Speaker

Paddy McGuinness Managing Director, Colloide Speaker

Paul Hartt Sales Director, YG Energy Speaker

MATERIALS

The Materials seminar is curated by leading partners including ASBP, The Concrete Centre, MPA Precast, IStructE, Built By Nature, 540 World, UKGBC, Action Sustainability, MPA Masonry, Interior Design Declares and ICE. Materials is proudly sponsored by Aggregate Industries.

Seminar sponsored by

DAY ONE: 05 MARCH

10:30–11:15 Increasing traceability and transparency in mass timber supply chains – curated by **ASBP**

Simon Corbey Director, The Alliance for Sustainable Building Products **Chair**

Asselia Katenbayeva Research Associate, The Alliance for Sustainable Building Products (ASBP) **Speaker**

Darren Thomas Co-founder and CEO, DoubleHelix **Speaker**

John Kirkby Executive Director, PEFC UK **Speaker**

11:30–12:15 Decarbonising Cement and Concrete – curated by **The Concrete Centre**

Claire Ackerman Executive Director – Concrete, Mineral Products Association **Chair**

Gareth Wake Director, MPA Ready-Mixed Concrete **Speaker**

Marian Garfield Sustainability Director, Heidelberg Materials **Speaker**

Noushin Khosravi Sustainable construction manager, UK Concrete, MPA **Speaker**

12:30–13:00 MATERIALS: An Environmental Primer; A book edited by Hattie Hartman and Joe Jack Williams

Hattie Hartman Sustainability Editor, Architects' Journal **Chair**

Joe Jack Williams Partner, FeildenCleggBradley Studios **Chair**

Alex Lynes Associate Director, Webb Yates **Speaker**

Barbara Jones Director, The School of Natural Building **Speaker**

13:15–14:00 Precast Concrete and MMC – curated by **MPA Precast**

Mark Shepherd Director, MPA Precast and MPA Masonry **Chair**

Matthew Butcher Campaigns and Communications Manager, MPA UK Concrete **Speaker**

Glen Rust R&D Engineering Leader, Laing O'Rourke **Speaker**

Ross McWhirter Lead R&D Engineer, AI, FP McCann **Speaker**

14:15–15:00 Sustainable subsidence solutions – curated by **IStructE**

John Patch Director, Teampatch Ltd. **Chair**

Ron Mace Director, Shire Consultancy Services **Speaker**

Timothy Farewell Director, MapleSky Ltd **Speaker**

Jim. C. Smith National Urban Forestry Adviser, Forestry Commission **Speaker**

15:15–16:00 Biobased Construction from UK Landscapes – curated by **Built by Nature**

Joe Giddings UK Lead, Built by Nature **Chair**

Hannah Millett MArch, Central St Martins **Speaker**

David Harris Associate, Fielden Clegg Bradley Studios **Speaker**

16:15–17:00 Beyond Sustainability Part 1: Achieve material health and circularity with Cradle to Cradle Certified® – curated by **540 WORLD**

Angela Antolini Director – Marketing & Communications, C2CPII **Chair**

Andrea Charlson Managing Director, Madaster UK **Speaker**

Andrew Jackson Business Development Director, EMEA, Shaw Europe Ltd **Speaker**

Roslyn Hypolite-Achom Area Specification Manager – London & SE, Etex (Exteriors) UK Ltd – EQUITONE **Speaker**

Tina Snedker Kristensen Head of Sustainability and Communications, Troldekt A/S **Speaker**

17:00–17:45 Beyond Sustainability Part 2: Achieve low carbon, healthy ecosystems, and social equity with C2C Certified – curated by **540WORLD**

Angela Antolini Director – Marketing & Communications, C2CPII **Chair**

Dean Grady Senior Product Engineer, Sika **Speaker**

Greg Norman Head of Key Accounts, Graphenstone Paint UK **Speaker**

Justin Peckham Sales Manager, Accsys Group **Speaker**

Dr William Chizhovskiy CEO, The Good Plastic Company UK **Speaker**

DAY TWO: 06 MARCH

10:30–11:15 The role of material passports to deliver circularity in the built environment – curated by **UKGBC**

Yetunde Abdul Head of Advancing, UKGBC Chair

Rachel Hoolahan Associate, Orms Speaker

Yingli Wang Professor in Logistics and Operations Management, Cardiff University Speaker

Anastasia Stella Associate Sustainability Consultant, Waterman Speaker

Philippa Birch-Wood Director, Thrive Speaker

11:30–12:15 The Materiality of Materials: Green materials and the opportunity for maximum positive impact – curated by **Action Sustainability**

David Emery Consultant, Action Sustainability Chair

Cathryn Greville Head of Fairness, Inclusion & Respect, Action Sustainability Speaker

Manjit Rana Head of Sustainable Commercial Improvement, National Highways Speaker

12:30–13:00 Building tomorrow: how can we advance sustainable construction through circularity – curated by **Aggregate Industries**

Sarah James Senior Marketing Business Partner, Aggregate Industries, a Holcim Company Chair

Dr Cassandre Le Galliard Product Manager – Sustainable ReadyMix Concrete, Aggregate Industries UK Speaker

Vincent Olivier National Technical Manager, Aggregate Industries UK Speaker

13:15–14:00 Future Homes Standard and Masonry – curated by **MPA Masonry**

Elaine Toogood Director – Architecture & Sustainable Design, MPA The Concrete Centre Chair

Matthew Butcher Campaigns and Communications Manager, MPA UK Concrete Speaker

Tom De Saulles Building Physicist, MPA The Concrete Centre Speaker

Dr Tony Hopkin Head of Construction, Quality and Innovation – Midland Heart Visiting Lecturer, Construction Innovation, University of Reading Speaker

14:15–15:00 Become future-proof beyond sustainability – curated by **540 WORLD**

Chaline Church Founding Partner, 540 WORLD Chair

Andrea Charlson Managing Director, Madaster UK Speaker

Lucie Ladigue Business & Policy Specialist, C2CPII Speaker

Simon Joe Portal Head of the Engineering & Sustainability, Drees & Sommer UK Speaker

15:15–16:00 Building Better Interiors: Strategies for incorporating Sustainable, Low Carbon, Healthy Materials – curated by **Interior Design Declares**

Mathew Freeman Director – Former President British Institute of Interior design, Freeman Studio Chair

Helen Gordon Co-founder, Kite Creative Speaker

Delyth Fetherston-Dilke Upholsterer, Delyth Upholstery Speaker

Deepak Parmar Design and Board Director, MCM Architecture Speaker

16:15–17:00 What are the challenges for Low Carbon Concrete? – curated by **ICE**

Rachel Skinner CBE Executive Director, WSP, WSP Chair

Noushin Khosravi Sustainable construction manager, UK Concrete, MPA Speaker

Andrew Mullholland Director, Concrete Technology Consultant, AMCRETE UK Speaker

Gemma Tait Head of GB Construction, WTW, WTW Speaker

17:15–18:00 ACAN Building Discourse: what future?

Kudzai Matsvai EDI Expert, Architectural Designer, Activist, and Educator, KUMACON LTD Chair

Anna Pagani Honorary Research Fellow, UCL Institute for Environmental Design and Engineering Speaker

Morgan Trowland Engineer, Activist Speaker

Anna Lisa McSweeney Head of Sustainability UK, White Arkitekter Speaker

Zoe Watson Head of Sustainability, Allies and Morrison Speaker

DAY THREE: 07 MARCH

10:30–11:15 Optopen! Vertical Extension and Retrofit with Timber – curated by **Built by Nature**

Joe Giddings UK Lead, Built by Nature Chair

Lauren Shevills Lead Retrofit Innovation and Delivery Officer, Westminster City Council Speaker

Kelly Harrison Director, Whitby Wood Speaker

11:30–12:15 Reuse Now! Accelerating the transition to a more resource efficient, circular economy – curated by **ASBP**

Katherine Adams Technical Director, The Alliance for Sustainable Building Products (ASBP) Chair

Asselia Katenbayeva Research Associate, The Alliance for Sustainable Building Products (ASBP) Speaker

Debbie Ward Circular Economy/Reuse Associate, The Alliance for Sustainable Building Products (ASBP) Speaker

Howard Button Demolition Expert, BHL Button Holdings Ltd Speaker

12:30–13:00 Healthy Buildings and Materials

Dr Alison Pooley Professor, University of Suffolk Speaker

Dr Eshrar Latif Senior Lecturer, Cardiff University Speaker

Annie Benton, Natural Building Systems and Staw-Bale Build UK (SBUK) Speaker

13:15–14:45 Outcomes of The Government's Timber In Construction Roadmap – curated by **CTI (Confederation of Timber Industries)**

Andrew Carpenter Chief Executive, Structural Timber Association Chair

David Hopkins Chief Executive, TDUK Speaker

Alex Goodfellow Chair, CTI & CEO, Donaldson Offsite Speaker

15:00–15:45 Innovating with Low Impact Materials – Curated by ASBP

Richard Broad Associate Director, The Alliance for Sustainable Building Products (ASBP) Chair

Chris Brookman Founder, Back to Earth Speaker

James Erskine Sales Manager, Corksol Speaker

Lucy Black Head Of Business Development, Kenoteq Speaker

SUSTAINABLE INFRASTRUCTURE

The Sustainable Infrastructure Seminar is curated by leading partners including the Landscape Institute, IEMA, WSP, GRO, Bioregional, Action Sustainability, BIURBS, RSHP, UKGBC, WM-Air, CIRIA, CIWEM, Homes England, Treeconomics, Trees and Design Action Group, Building with Nature and ICE. Sustainable Infrastructure is proudly sponsored by ACO.

Sponsored by

DAY ONE: 05 MARCH

10:30–11:15 Reducing the carbon impact of development through landscape – curated by **the Landscape Institute**

Claire Thirlwall CMLI, Thirlwall Associates **Chair**

Sian Berkley Sustainability Manager, LDA Design **Speaker**

Stephen Duce Operations Manager, Hardscape **Speaker**

Wayne Grills Chief Executive, British Association of Landscape Industries **Speaker**

11:30–12:15 Current circular economy practice in delivering UK infrastructure and what must lie ahead – curated by **IEMA**

Adam Batchelor Policy and Engagement Lead, Institute of Environmental Management and Assessment (IEMA) **Chair**

Ashley Oates Head of Environmental Sustainability, Balfour Beatty **Chair**

Tim Danson Director – Sustainability & Energy, Pick Everard **Speaker**

David Smith Technical Director– Sustainability, Arcadis **Speaker**

Debbie Ward Director and Consultant, The Rebuild Site **Speaker**

12:30–13:00 Masterclass: Unravelling the Complexities of Carbon Measurement – curated by **ACO**

Adam Cane Sustainability Lead, ACO Technologies **Speaker**

Craig Jones Director, Circular Ecology **Speaker**

13:15–14:00 Towards Nature Positive Development – curated by **WSP**

Ludo Pittie Director, Landscape Advisory, WSP **Chair**

Jonny Miller Technical Lead for Strategic Biodiversity, WSP **Speaker**

Jenny Merriman Technical Director, Strategy Lead for Nature Advisory, WSP **Speaker**

14:15–15:00 Demonstrating compliance with Green, Blue and BioSolar Roofing systems – Curated by **GRO**

Mark Harris Head of Sustainability, Sika **Chair**

Giles Doland Sales Director, ZinCo Green Roof Systems Ltd **Speaker**

Georgia Gilbert Technical Manager, John Chambers Wildflowers Seed **Speaker**

Tom Young Associate – Blue and Green Infrastructure, The Environment Partnership (TEP) **Speaker**

15:15–16:00 Spatial planning for net zero – curated by **Bioregional**

Richard Simmons Visiting Professor, Bartlett School of Planning at UCL **Chair**

Emma Davies Principal Sustainability Officer, Greater Cambridge Shared Planning Service **Speaker**

Joanna Averley Chief Planner, Department for Levelling Up, Homes, and Communities **Speaker**

Ronan Leyden Director of Consultancy, Bioregional **Speaker**

16:15–17:00 Driving a low carbon, just transition to a more sustainable future – curated by **Action Sustainability**

Shaun McCarthy OBE Director of Action Sustainability, Chair of Supply Chain Sustainability School, Action Sustainability **Chair**

Dr James Cadman Head of Climate, Action Sustainability / Supply Chain Sustainability School **Speaker**

Helen Carter Lead for Modern Slavery and Human Rights, Action Sustainability / Supply Chain Sustainability School **Speaker**

17:15–18:00 How can Biodiversity Net Gain deliver meaningful benefits in towns and cities? – curated by **BIURBS**

Stuart Connop Associate Professor of Sustainability with a research focus on Conservation Ecology, University of East London **Chair**

Robert Barker Visiting Professor in the Faculty of Environment and Technology | UWE, Stolon Studio **Speaker**

Gloria Osei Research Fellow, Sustainability Research Institute (SRI) **Speaker**

Francis Castro Ecologist & Local Authority Officer, Greater London Authority **Speaker**

Dr Nick White Principal Advisor, Net Gain, Natural England **Speaker**

DAY TWO: 06 MARCH

10:30–11:15 Competency within Green, Blue and BioSolar Roof Design and Installation – curated by **GRO**

Chris Bridgman Partner, Bridgman & Bridgman LLP
Chair

David Fisher Head of Industry Partnerships
Landscape and Rural, Lantra **Speaker**

Jenny Bailey Co-Founder and Author, Tales from
Mother Earth **Speaker**

Dan Dean **Speaker**

11:30–12:15 Domestic Rainwater Management –
curated by **ACO**

Angus Crichton Marketing Manager, ACO
Technologies plc **Chair**

Liz Sharp Professor of Water and Planning, University
of Sheffield **Speaker**

Tom Young Associate – Blue and Green Infrastructure,
The Environment Partnership (TEP) **Speaker**

12:30–13:00 The industry's tunnel vision
on carbon – how to address sustainability
holistically? – curated by **RSHP**

Michelle Sanchez Sustainability Lead, RSHP **Chair**

Ann Dalzell Building Services Engineer, and Director,
ARUP **Speaker**

Marylis Ramos Director, Savills Earth Advisory, Savills
Speaker

Rob Partridge Director, AKTII **Speaker**

Gary Grant Director, Green Infrastructure
Consultancy **Speaker**

13:15–14:00 From Global Impacts to Local
Solutions – Examining the Intersection of the Built
Environment and Nature – curated by **UKGBC**

Kai Liebetanz Senior Advisor, UKGBC **Chair**

Amanda Skeldon Director Climate & Nature, JLL
Speaker

Eva MacNamara Associate Director, Expedition
Engineering **Speaker**

Becky Gordon Regional Sustainability Manager
(UKIME), Interface **Speaker**

Chris Moss Senior Consultant, Greengage
Environmental **Speaker**

14:15–15:00 Bringing together health, air
quality, and climate resilience: examples of best
practice from the West Midlands – curated by
WM-Air

Emma Ferranti Associate Professor in School of
Engineering, University of Birmingham **Chair**

Catherine Muller Project Manager, University of
Birmingham **Speaker**

James Hall Impact Fellow in Public Health, University
of Birmingham **Speaker**

Sarah Greenham Impact Fellow in Urban Design
and Green Infrastructure, University of Birmingham
Speaker

15:15–16:00 Responsible soil management –
Curated by **CIRIA**

Joanne Kwan Senior Research Manager and
Sustainable Land Reuse Programme Lead, CIRIA
Speaker

Sue Illman Managing Director, Landscape Design
Limited **Speaker**

Tim O'Hare Principal Consultant, O'Hare Associates
LLPA soil scientist **Speaker**

16:15–17:00 Enabling Water Smart Communities:
Discovery phase findings showcase – curated
by **CIWEM**

George Warren Integrated Water Manager, Anglian
Water **Speaker**

Ella Foggitt Research Associate, Tyndall Centre for
Climate Change Research, University of Manchester
Speaker

Rebecca Chau Arup **Speaker**

DAY THREE: 07 MARCH

10:30–11:15 Workshop: What makes a healthy street? Looking back at those in Streets for Healthy Life – curated by **Homes England**

Amy Burbidge Head of Design and Master Development, Homes England *Chair*

Annabel Keegan Associate Director, PJA *Speaker*

11:30–12:15 Workshop: Finding your way through the Urban Forest – curated by **Treeconomics and Trees and Design Action Group**

John Rose Senior Urban Forest Consultant, Treeconomics *Speaker*

Keith Sacre Director, Barcham Trees *Speaker*

Kenton Rogers Chartered Urban Forester and Environmentalist, Treeconomics *Speaker*

12:30–13:45 Workshop: Setting the standard for climate-resilient places that work for people and wildlife – curated by **Building with Nature**

Gemma Jerome Director, Building with Nature *Chair*

14:00–14:45 Workshop: Integrating carbon management in the delivery of infrastructure and buildings – curated by **ICE**

Lewis Barlow Technical Director – Decarbonisation, Sustainability and Climate Change, WSP *Chair*

Heleni Pantelidou Associate Director | Infrastructure London, Decarbonisation Lead, Arup *Speaker*

Luis Strengari Principal ESG Consultant | Business and Investor Advisory, Arup *Speaker*

Mimi Zimmer Senior Carbon Management Consultant, Mott MacDonald *Speaker*

15:00–15:45 Workshop – How can Biophilic Design contribute to wellbeing and mental health in Cities? – curated by **GRO**

Matthew Hoddinott Director, Olyi Ltd *Chair*

future innovation

Immerse yourself in the forefront of sustainable innovation at the FutureX Innovation Stage. Day 1 kicks off with the “FutureX Heat Takeover,” featuring the Carbon Trust, Innovate UK, and the Department for Energy Security and Net Zero, focusing on groundbreaking approaches to decarbonise heat. Day 2 escalates with 15 innovation partners unveiling their latest advancements and visionary ideas. The finale on Day 3 brings together esteemed organisations like Connected Places Catapult, MOBE, Sustainable Materials Innovation Hub, the Anti-Greenwash Charter, and Natural Building Systems, all showcasing their contributions to sustainable development. The FutureX Innovation Stage is your gateway to cutting-edge thinking and transformative solutions in sustainability.

Supported by

Innovate
UK

Department for
Energy Security
& Net Zero

DAY ONE: 05 MARCH

10:30–11:15 Design matters! Improving the survey, design, and installation process of low-carbon heating technologies – curated by **DESNZ, Innovate UK and Carbon Trust**

Sally Fenton Head of the Built Innovation Team, Department for Energy Security and Net Zero Chair

Becky Lane CEO, Furlnow Speaker

Daniel Logue Energy Systems Catapult Speaker

Griff Thomas Managing Director, Heatly Speaker

Luke Smith Managing Director, Build Test Solutions Speaker

11:30–12:15 Industrialising Retrofit: improving the process of net zero heat upgrades to buildings – curated by **DESNZ, Innovate UK and Carbon Trust**

Dr Mike Pitts Deputy Challenge Director – Net Zero Heat, Innovate UK Chair

Lynsey Brydson Head of Digital Programmes, BE-ST Speaker

Dr Ceri Batchelder Senior Development Manager – Retrofit, South Yorkshire Mayoral Combined Authority Speaker

Jamie Keats Co-Founder and Director, Wrapt Homes Speaker

Rowley Maggs Strategic Advisor, Ambue Speaker

13:15–14:00 Working smarter, not harder. How smart and flexible heating systems can improve performance and the customer experience – curated by **DESNZ, Innovate UK and Carbon Trust**

Alex Hobley Programme Manager, Department for Energy Security and Net Zero Chair

Joe McMullen Chief Operating Officer, Airex Speaker

Mark Lufkin Chief Product Officer, Wondrwall Group Speaker

Tom Lowe Founding Director, Thermal Storage UK Speaker

14:15–15:00 Fast-tracking innovation: barriers to the adoption of innovation in the energy efficiency retrofit market – curated by **the Sustainable Energy Association (SEA)**

Dr Mike Pitts Deputy Challenge Director – Net Zero

Heat, Innovate UK Chair

Kerry Mashford OBE Non Executive Chair, Trust Electric Heating Speaker

Samantha Mant Founder & CEO, Halcyan Water Conditioners Speaker

Girvin Gill Policy Advisor, Sustainable Energy Association Speaker

Peter Armstrong CEO & Co-founder, Mixergy Speaker

Richard Kemp-Harper Chief Commercial Officer, AirEx Technologies Speaker

Simon Ayers MBE Chief Executive, TrustMark Speaker

15:15–16:00 Up-front costs to retrofit. How to deal with the elephant in the room – curated by **DESNZ, Innovate UK and Carbon Trust**

Stephen Ryman Policy Manager, Department for Energy Security and Net Zero Chair

Charlotte Flowerdew Innovation Manager, E.ON Speaker

Luke Loveridge Founder and CEO, Propflo Speaker

Matt Boyes Managing Director, Hometree Finance Speaker

Russell Smith Founder & Managing Director, Parity Projects Speaker

16:15–17:00 Net Zero Heat Innovators' pitch session – curated by **DESNZ, Innovate UK and Carbon Trust** – curated by **DESNZ, Innovate UK and Carbon Trust**

Dr Nicola Lazenby Energy Innovation Programme Manager at Department for Energy Security and Net Zero Chair

DAY TWO: 06 MARCH

10:30–10:45 Concrete Centre Innovation Partner Talk – Concrete Futures: Innovations in Concrete

Elaine Toogood Director – Architecture & Sustainable Design, MPA The Concrete Centre Speaker

10:50–11:05 Sugatsune UK Innovation Partner Talk – Different Types Flush closing solutions

Joshua Augustus Sales Representative, Sugatsune UK Speaker

11:10–11:25 LKAB Minerals Innovation Partner Talk – Rethinking Construction: Sourcing Minerals Responsibly

Steve Handscomb Managing Director, Construction, LKAB Minerals *Speaker*

11:35–11:50 Kensa Innovation Partner Talk – The Next generation of home heating and cooling is here!

Paul Eveleigh Managing Director, Kensa Heat Pumps *Speaker*

11:50–12:05 Mixergy Innovation Partner Talk – The role of hot water storage in achieving net zero

Peter Armstrong CEO & Co-founder, Mixergy *Speaker*

12:05–12:20 Qvantum Innovation Partner Talk – Benefits of next generation energy networks in new build and retrofit applications

Michael Moggeridge Managing Director, Qvantum *Speaker*

12:20–12:35 tepeo Innovation Partner Talk- The challenges of decarbonising heat

Iain Duncan Business Development Director, tepeo *Speaker*

12:50–13:35 Circularity Powering Innovation: Session 1 – curated by **540 WORLD**

Chaline Church Founding Partner, 540 WORLD *Chair*

Dean Grady Senior Product Engineer, SIKA *Speaker*

Greg Norman Head of Key Accounts, Graphenstone Paint UK *Speaker*

Justin Peckham Sales Manager, Accsys Group *Speaker*

13:50–14:05 Dimplex and Centrica Innovation Partner talk – Flexible Tariffs and Technology Innovation

Shaun Hurworth Marketing Director, Dimplex *Speaker*

Lisa Bunting BDM, Demand Side Response UK, Centrica, British Gas & Hive *Speaker*

14:10–14:25 Project Better Energy Innovation Partner Talk – Driving Sustainability & Renewable Energy into Homes and Businesses

Simon Peat CEO, Project Better Energy *Speaker*

14:30–14:45 AICO Innovation Partner Talk – Smart Social Homes

Ben Malton Regional Specification Manager for the Home Counties, AICO *Speaker*

14:50–15:05 Alternative Heating Solutions Innovation Partner Talk – All about Heat Pumps. Types, Grant, and Installation

Michal Kotowski Alternative Heating Solutions *Speaker*

15:20–15:35 SDS Innovation Partner Talk – Water Reuse: from optional to obligatory

Dr Neil Sewell Director of Technology Systems, SDS *Speaker*

15:40–15:55 Bauder Innovation Partner Talk – How the next generation of PIR insulants could move us away from fossil fuels and support the circular economy

Tom Rafferty Product Manager for Solar PV and Environmental Lead, Bauder *Speaker*

16:00–16:15 MKC Innovation Partner Talk – Building Tomorrows Workforce: Sustainable skills for a greener future

Joe McManus Business Development Manager, MidKent College *Chair*

16:20–16:35 NexGen Zero Carbon Innovation partner talk – The technical and economic value of an agnostics approach to future affordable heating of social homes

Ian Sanderson CEO, NexGen Carbon Zero Ltd *Speaker*

17:00–18:00 MCS drinks

DAY THREE: 07 MARCH

10:30–11:15 How can the UK's largest cities become hubs of innovation, driving growth and widespread renewal? – curated by **the Connected Places Catapult**

Chris Murray Strategic Engagement, 3Ci **Speaker**

Sam Markey Ecosystem Director for Place Leadership, Connected Places Catapult **Speaker**

11:30–12:15 Future construction skills – what do we need and how do we provide them? Curated by (MOBIE – Ministry of Building Innovation and Education)

Mark Southgate CEO, MOBIE – Ministry of Building Innovation and Education **Chair**

Bola Abisogun Founder and CEO, Digital Twin Skills Academy CIC **Speaker**

Ian Heptonstall Director, Supply Chain Sustainability School **Speaker**

Mike Blakeley Executive Director of Apprenticeships & Future Skills, Exeter College **Speaker**

Natalie King Operations Director and Vice Principal, AccXel **Speaker**

12:30–13:00 Future Homes & Retrofitting – curated by **Sustainable Materials Innovation Hub**

Michaela Kiernan Research and Business Engagement Officer, Henry Royce Institute **Chair**

Jair Esquivel Research Associate – Future Homes, Sustainable Materials Innovation Hub **Speaker**

William Swan Director of Energy House Laboratories | Professor of Building Energy Performance, University of Salford **Speaker**

13:15–13:45 Governance as the Keystone: Fostering Synergy Between Marketing and Sustainability to Avoid Greenwashing – curated by **the Anti-Greenwash Charter**

Charlie Martin Anti-Greenwash Charter **Chair**

Charlie Law Sustainability Director, Timber Development UK **Speaker**

Jamie Shaw Global Head of Sustainability, Karndean Group **Speaker**

Syra Harrison Head of Marketing & Strategy, Sentry Doors **Speaker**

Timothy Clement Director of Social Value & Sustainability, Morgan Sindall Construction **Speaker**

14:00–14:45 Circularity Powering Innovation: Session 2 – curated by **540 WORLD**

Chaline Church Founding Partner, 540 WORLD **Chair**

Dragan Bajic Sales Manager Export, Mosa **Speaker**

Lucie Ladigue Business & Policy Specialist, C2CPII **Speaker**

Steve Mansell Country Manager UK & Ireland, Troldekt Ltd **Speaker**

15:00–15:45 How digital tools can unlock the potential of bio-based materials – curated by **Natural Building Systems**

Chloe Donovan Managing Director, Natural Building Systems **Chair**

Andrea Charlson Managing Director, Madaster UK **Speaker**

Phanos Hadjikyriakou 2050 Materials **Speaker**

Rachel Heaton GS1 UK **Speaker**

Ross Kilshaw Head of Design and Data, Trunk **Speaker**

INNOVATION TRAIL

**Follow the Innovation Trail
across the show floor to see
our Innovation Partners.**

The Trail will give specifiers the opportunity to explore revolutionary products, solutions and materials and meet the leading thinkers behind innovations that will influence the future.

**Remember to tap your smart
badge along the Innovation Trail
across the show floor to be in
with a chance of winning a
Brompton bike!**

INNOVATION PARTNERS

Aico, an Ei Company, are the European market leader in home life safety, pioneering new technologies and offering high quality alarms, developed and manufactured in Ireland. All Aico alarms meet UK standards and offer a variety of sensor types to guarantee protection for every home. Aico have expanded their Connected Home offering through HomeLINK. The notion of a connected home could prove a real asset in making our homes not only more sustainable, but also more efficient and ultimately safer.

.....

Exhaust Air Heat Pump Installation

Microgeneration Certification Scheme accredited, Alternative Heating Solutions is a Daikin and Samsung approved installer and are able to install air heat pumps produced by other manufacturers.

Solar Thermal Energy

Alternative Heating Solutions install solar thermal energy panels able to heat domestic hot water. Reducing your carbon footprint and your annual energy bill, solar thermal energy is a proven sustainable method that works alongside traditional systems, to provide a greener solution to water heating in your home.

.....

Bauder is introducing a low-carbon insulation to their product portfolio, BauderECO FF. This thermally efficient insulation is durable, lightweight, competitively priced, and easy to handle and install. Manufactured from 80% organic biomass feedstock, according to the biomass balance approach.

With the right tools and adopting innovative production methodologies such as the biomass balance approach, the next generation of PIR insulants can move us away from fossil fuels and support the circular economy.

.....

Dimplex is showcasing heating, cooling and ventilation technologies with a focus on electrification of heat in domestic, multi-family and commercial buildings. You'll find options for new development projects and retrofits. Our flagship innovation is the British Gas Dimplex Quantum tariff, a first-of-its-kind smart tariff for Quantum heaters. Created by British Gas, the tariff can offer lower rates than typical Economy 7 tariffs thanks to the heaters' capability to allow British Gas to flexibly charge the heaters when electricity costs are lowest on the grid.

What's NeXt for heating and cooling? Kensa Heat Pumps is set to unveil the next generation of home heating and cooling at Futurebuild 2024. Kensa will reveal its solution to help bring heat pumps to the masses, decarbonise current and future homes and create green jobs.

LKAB Minerals supplies raw and processed industrial minerals to a diverse range of markets worldwide. These minerals are found everywhere in modern homes and offices, from construction materials to household products. Since 1989, LKAB Minerals has grown to have deposits, processing facilities and offices in 12 countries, offering over 30 different minerals into hundreds of applications. LKAB Minerals is a subsidiary of the Swedish company LKAB, one of the world's leading producers of highly iron ore products and other related mining services and products.

MidKent College

MidKent College is the leader in delivering Kent's Retrofit Academy eLearning courses. Our expertise and deep industry understanding ensure our eLearning programs equip delegates for success in retrofitting. Our focused eLearning offerings will empower you to excel. Explore our courses to attain recognised qualifications, and begin your journey to becoming a certified retrofit specialist. Join MidKent College, the pioneers in Kent's Retrofit Academy, to advance your career in retrofitting.

Mixergy are market leaders in smart and connected hot water cylinders. We strive to help households live better, save money, and reduce their impact on the environment. Our award-winning cylinder give the home all the hot water they need with our patented top-down heating technology. Compared to conventional cylinders, households can save up to 40% on their hot water bills and heat up to 10x faster.

The Concrete Centre is delighted to be part of the innovation trail at Futurebuild 2024. The Concrete Futures exhibition, to be featured on Stand F50, will showcase the latest innovations through real-life samples of concrete formulation, design or reuse that meet the carbon and

circular economy credentials of a sustainable built environment. The stand will also feature technical guidance through Concrete Futures magazine and other literature focused on the specification of lower carbon concrete.

NexGen's electric Far Infra-red Ceiling Paper is an innovative Heating Technology, an advancement in property space heating solutions. Utilising the power of Far-Infra Red energy in the same frequency range as sunlight, this innovative system focuses on warming occupants first, then the building's fabric and structure. Designed to be virtually invisible and integrated seamlessly into the ceiling, NexGen is an energy-efficient and occupant-focused heating solution with maximum impact for reducing tenants' energy bills & carbon reduction in the environment.

The Project Better Energy group are the UK's leading renewable energy solutions provider, offering a wide range of services and renewable technologies for homes and businesses.

The solutions we provide include Solar, Battery Storage, EV Charging, Air Sourced Hot Water Cylinders and Infrared Heating. By integrating these technologies together, Project Better Energy can help homes and businesses across the country can save money, reduce emissions and push to get to carbon net zero.

Quantum exists to provide a fossil-free heating system for homes, eliminating gas usage in cities, offering an affordable heating solution for the many people. We aimed to create a heat pump specifically designed for apartments, addressing the unique challenges posed by this setting. The Quantum QG Apartment Heat Pump has been honoured with award-winning recognition at the prestigious design awards at the ISH exhibition and the Domestic Heating Product of the Year at the H&V News Awards. These accolades validate the exceptional quality and innovation embedded in our technology

The adoption of innovative technologies and application of modern, integrated approaches to water management will play a key role in ensuring the water industry's long term resilience and maintaining a sustainable supply of this most precious resource.

Innovation is fundamental to SDS's product development and customer proposition; the company is unique in its sector for the ability to design, engineer, manufacture, install and even adopt and maintain water management assets to provide a truly holistic service to its customers and end users.

Quality. Innovation. Service. For 90 years, these have been the values that have seen Sugatsune Kogyo grow from a local hardware store into a major global supplier of premium precision engineered components.

Founded in Tokyo in 1930, Sugatsune Kogyo is Japan's number one component hardware manufacturer supplying the furniture, architectural, industrial and marine sectors. Our world-class distribution system now reaches 47 countries with offices in the Canada, China, Germany, India, and the UK.

INNOVATION PAVILIONS

BE consultancy, 540 WORLD coordinate the largest Cradle to Cradle Certified® community showcase in the UK at Futurebuild stand G20, with C2C Certified® products, materials and related services. Accoya® timber, Graphenstone paint, Trolldtect acoustic panels, Madaster circular products registry, the C2C Products Innovation Institute and others collaboratively knowledge-share in presentations on evidence-based, world-class, circular solutions, not-to-be-missed. 540 WORLD's Innovation Partner live keynotes include: 5 March, main conference stage, 2.15pm; Materials stage, 5 March, 4.15-5.45pm and 6 March 2.15pm; FutureX 6 March 12.50 & 7 March 2pm.

Meet solution providers looking for business partners on the Austrian Pavilion. Discover innovative technologies in the following fields:

- Passivhaus, energy efficiency and heating systems
- Heat networks
- AI materials optimisation
- Structural timber
- Drywalling

WHAT'S ON AT FUTUREBUILD 2024

Discover the Future of Sustainable Architecture with RIBA at Futurebuild

RIBA is bringing a wealth of expertise and resources focusing on advancing sustainable architecture and innovative design practices. Presenting a dynamic line-up of speakers, RIBA authors and a large selection of books from the RIBA Bookshop. RIBA is a global architecture community of 53,000+ professionals and together, we collaborate to shape a brighter future. RIBA is taking centre stage this year and you can be part of it.

RIBA Bookshop

This year RIBA brings a curated selection of publications covering a wide range of topics, from sustainable building techniques to resilient urban design, many at discounted prices. Explore the World of architecture with the latest releases, award-winning bestsellers, and essential guides to enhance your knowledge and skills in sustainable design and get a chance to meet favourite RIBA authors Mina Hasman, Joe Jack Williams or Hattie Hartman.

Net Zero Retrofit in the Greater South East pavilion

The Greater South East Net Zero Hub (GSENZH) is delighted to be showcasing retrofit skills and innovation, as a part of the National Retrofit Conference at this year's Futurebuild.

We are partnering with Futurebuild and The Retrofit Academy on a show pavilion area which will feature exhibitors from across our region and include an engaging

seminar programme on a range of retrofit, skills and net zero topics.

Addressing the retrofit skills gap is one of the most pressing issues the sector faces at the moment. Decarbonising an estimated 10 million homes across the wider region will require around 46,500 full time equivalent workers each year to 2050 – we need a significant step change in the number of courses required to train these workers. The GSENZH, via its flagship retrofit initiative, the Greater South East Retrofit Training Network, is looking at innovative ways to tackle this issue and examine how government and industry can work together to build the retrofit workforce required to meet the UK's Net Zero 2050 ambition. We look forward to seeing you at the Net Zero Retrofit in the Greater South East pavilion at Futurebuild to discuss how you can be part of that drive towards a sustainable future.

UKDEA Pavilion

The UK District Energy Association (UKDEA) will once again be hosting the UKDEA Pavilion at Futurebuild 2024, which this year is titled the 'UKDEA Heat Network Zone'. This is to align with the recent launch of the consultation on Heat Network Zoning, a critical piece of legislation that will be key to ensuring that DESNZ reaches its targets for Heat Network Growth and Net Zero by 2050. The Zone will be filled with our members exhibiting their products and services which can be used to build Heat Networks.

On the Energy Stage, we will be hosting a number of talks across the three days, starting with 'Policy and Regulations to 2030 and beyond: Impacts on the Sector', where a number of key officials from the Heat Network departments at DESNZ and Ofgem will be giving an overview of the key policy and regulation changes coming between now and 2030. Then, we will be holding 2 sessions on 'Innovations in the District Energy Sector for 2024', where Members of the UKDEA Heat Network Zone will be presenting the very latest innovations in technologies and systems for the District Energy sector.

Sustainable Building Services

Sustainable Building Services (UK) Ltd is one of the UK's leading retrofit decarbonisation turnkey solution providers, delivering large-scale residential decarbonisation, energy efficiency and whole-house retrofit across all housing tenures.

Our work goes beyond decarbonisation and makes positive social impacts – improving the health, comfort, living conditions and well-being of thousands of households each year, as well as helping to reduce their energy consumption and carbon emissions.

Hear from our owner, Derek Horrocks, chair of the National Home Decarbonisation Group, who will be speaking at three sessions throughout Day 1 of the National Retrofit Conference:

- Retrofitting Social Housing: Progress and Key Learnings from the Social Housing Decarbonisation Fund
- The Policy Roadmap for Retrofit
- A 10 Point Plan for Retrofit Success: Skills, Innovation and Policy

On Day 2, our managing director Gary Lawson will be discussing retrofit at scale in homes and communities, highlighting how SBS is delivering SHDF projects on-time, PAS compliantly, on-budget and meeting SHDF funding requirements and deadlines.

We're also hosting a stand (P50A) throughout the event where our expert decarbonisation team will be happy to discuss our ideas on achieving net zero goals, delivering retrofit at scale (inc. SHDF) and how we can help secure, plan, and deliver your next retrofit project(s).

Saint-Gobain VIP Lounge

Saint-Gobain are worldwide leaders in light and sustainable construction, designing, manufacturing, and distributing materials and services for the construction and industrial markets. We are committed to our global purpose "Making the world a better home" and create solutions for

buildings that provide not only performance and comfort for the occupant, but sustainability too. In our 359 years of trading, we've seen many changes to the construction industry, and we are fully committed to supporting this latest transition to a NetZero future by creating innovative solutions that are light and sustainable and can cater to almost any project.

Come and visit us at Futurebuild 2024, where you can discover our interior solutions for buildings at stand F46; and learn about our acoustic solutions brand "Ecophon" at stand E46.

Together, we can construct a sustainable future.

Futurebuild Bar by Natural Building Systems

This year's Futurebuild Bar is hosted by Natural Building Systems, GS1 UK and Indinature.

Natural Building Systems will be building the bar using their innovative prefabricated, sustainable construction solution. Using digital tools, demountable panels are combined with natural insulation materials, to make rapid assembly, adaptable, breathable, and healthy buildings.

IndiNature is another innovative leader in bio-based materials and insulation products who has just achieved the first BBA Agrément Certificate for UK grown and made industrial hemp insulation. You will find their IndiTherm® insulation on display in the Futurebuild bar as well as within every Natural Building Systems panels, where it is combined with a layer of Hemptsil® composite.

GS1 UK provides the UK construction industry with common language for capturing and sharing data, GS1 UK is helping sustainable manufacturers like Natural Building Systems uniquely identify, track and trace manufacturing materials, fostering digital transformation in construction. Visit the bar for an interactive experience to learn how unique identification can be achieved for manufacturing materials using RFID technology.

IndiNature will be showcasing a range of new products, and you'll also have the chance to discover the power of QR codes powered by GS1 and how you can use them to link your product data to demonstrate product information, sustainability credentials, and building design – all in one platform.
